Regulation on early school closure due to excessive heat

There is no legal regulation according to which "early school closure due to excessive heat" is given above a certain temperature. This is the sole responsibility of the school management. We will inform you in good time via e-mail (usually one day in advance) when we will have such a day. As before, your child will then have the opportunity to be cared for until 2:00 pm and then go to afternoon care.

We wish you and your children a wonderful Whitsun vacation!
