## 18<sup>th</sup> of November: Day of Prayer and Repentance

There is no school on this day in Bavaria.

As in previous years, we will be offering a supervision from 7:30 am to 2 pm this year. All students are very welcome. There is a charge of 7 € per participating child for expenses (care, snack etc.). For those children who are registered for childcare on Wednesday afternoons and would like to participate, this contribution towards expenses is waived. Please provide your child with a lunch snack, as we cannot offer lunch on that day. After 2 pm there will be no childcare on this day. If you are interested, please register your child at [erath.s@pgs.drw.schule](mailto:erath.s@pgs.drw.schule). You will receive an e-mail with a description of the planned activities.

## 26<sup>th</sup> of November: AVALON project „Mut-tut-gut“ (Have courage) for the 2<sup>nd</sup> grade

On Thursday, November 26<sup>th</sup>, Mrs. Dalmer and Mrs. Knorr will come to our school to carry out the discussed project with our students. The project lasts until the 4<sup>th</sup> lesson at school. For the first, third and fourth grade, lessons will take place normally according to the timetable. - Swimming lessons are not held for the second grade on this day.

## No emergency child care during a possible quarantine

We would like to draw your attention to the fact that in case of quarantine we are not allowed to offer emergency care. Quarantine means isolation in one's own home, in case of an existing or not to be excluded infection, with the aim of not infecting other people. During the quarantine only the visit of people of the same household is allowed.

## Antolin

The goal of the program is to use the attraction of the computer to encourage children to read. By answering quiz questions about the books they have read, students can earn points via the Internet. Teachers can track the reading activity and reading comprehension of their students.

After a student has read a book listed with Antolin, he logs on to his individual Internet account. The child is asked between five and fifteen questions according to the multiple-choice procedure. Correct answers are counted with plus points, incorrect ones with minus points and the result is saved in the

student's account. The questions require intensive reading.

With Antolin, parents and teachers were given a means to track their children's or students' reading and reading comprehension with the computer. Teachers receive a detailed overview of the reading activity of the class and the individual students.

Our school also uses the Antolin program. Our teachers register their students and set up a points account for them.

## One-time afternoon care in an emergency or before events

We are also happy to look after students for whom no regular afternoon care has been booked, e.g. in case of an emergency or in the time between the end of school and a school event. Please understand that we charge an amount of 7 € per day for this care and will collect this amount by direct debit.

## New registration for our school

Fortunately, we already have a large number of new registrations for the coming school years. However, we would like to make sure that the siblings of our students are also considered.

**REGISTER NOW!**

Therefore, we ask you to hand in the registration forms for the siblings as early as possible (also for the school years after the next). This way we can guarantee that the siblings will also receive a place at our school. We would also be pleased if you passed on the advice of early registration to interested parents.

## Advance notice for the 7<sup>th</sup> of December: Visit to the "Studiobühne" Theater

Once again this year, our children will go to the Studiobühne theater in the morning to watch the play "Ox and Donkey". The Christmas story was written by Norbert Ebel.

The class teachers will collect 10 € from each child from 11/09/2020 onwards. Please give your child the money suitably.

## Wolfsbach: Speed limit zone 30

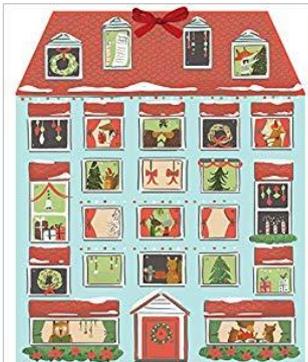

Residents in Wolfsbach contacted us and pointed out that the 30 km/h speed limit and the left yield to right regulations are not always observed by all parents. They asked us to approach you and remind you of the speed limit and the right of way regulations.

Please bear in mind that children in Wolfsbach are on their way to school and want to arrive safely!

## The support association asks for your support

Once again, we would like to thank the support association for their active support and generous donations for the projects of our school. In the last school year, for example, it supported the AV-ALON project "I know my body" and we owe the farewell gifts for the fourth graders to the support association. For the future facilitation of many projects, the support association depends on members and donations. For this reason, we would like to ask you to consider becoming a member of the Association, so that it can continue to support these projects.

## Advent calendar in class

In recent years, more and more children have brought an Advent calendar for the whole class. Unfortunately, the individual calendars could not be properly appreciated, because there were too many in the classes.

Please check with your child's class teacher in advance, if an Advent calendar is still needed for the class. Many thanks!

We wish all families a happy November!
