Skipping Hearts project

Our students took part in the prevention project “Skipping Heart-champion” offered by the German Heart Foundation. The idea of motivating schoolchildren to exercise more by rope skipping was implemented in one workshop. In addition, the German Heart Foundation provides a free material package with which all classes can practice independently over a longer period of time. In order to finance the entire project, the German Heart Foundation e.V. is grateful for any donations:

Labeling of snack boxes

It would be nice if you could label your children's snack boxes, so that we can better identify them. Thank you.

Please also have a look at our bar table next to our staircase to see whether some of the snack boxes or kitchen utensils (Christmas party) belong to you.

Pick up of children from afternoon care

Please always inform the afternoon care when you pick up your child. Otherwise we do not know where your child might be. Please bear in mind that otherwise we have to fear that the children have left school without permission or have been taken along by a stranger.
